SLIPGRIP®

FDA COMPLIANT

Baking Sheets for Baking, Grilling, Cooking and General Food Processing

Now Any Pan Cleans Up Fast and Easy with Non-Stick SLIPGRIP® Bakeware Liners!

Non-stick SLIPGRIP® Bakeware Liners make pans easy to clean and food easy to serve. Save time, eliminate mess, and reduce fat because you don't need to grease or oil pans. Food cooks evenly with even heat distribution that minimizes burning. And the liners are reusable hundreds of times! A great innovation for the kitchen — a great value for you.

- Saves time, money and mess — no need for cooking sprays or foil.
- Ideal for baking, roasting, casseroles, toaster oven trays, and more
- Goes from freezer to oven to microwave to dishwasher.
- Use on any type of pan — glass, coated metal, uncoated metal, etc.
- Liners are reversible — use on either side.
- Easy clean-up surface for crafts.

NO NEED FOR SHORTENING

To Ensure Long Life of SLIPGRIP® Bakeware Liners

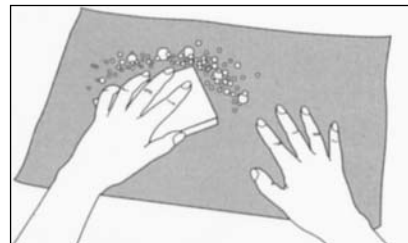

- Don't exceed 450°F oven temperature.
- Don't expose to open flame, hot burners or grills.
- Don't use for broiling or as oven liners.
- Don't subject liners to oven-cleaning cycle.
- Don't use sharp or metal utensils on liners.
- Don't use liners as a cutting surface.
- Don't wash liners on the lower rack in the dishwasher.

DO NOT EXCEED

Directions for General and Microwave Use

1. Remove clear, protective liner before use.
2. Wash liner before initial use.
3. If liner is too big for pan, it may be trimmed to fit.
4. Place liner on clean, ungreased pan, then put food directly on liner. Liner can be used without a pan or dish in the microwave.
5. Place the SLIPGRIP® Liner silicone side down to prevent the sheet from moving — of course either side can be used.
6. Cook food as usual.
7. Cooked items can be removed easily using plastic utensils. (Caution: SLIPGRIP® Liner will cool quickly but food and pan may be hot.)
8. Wash liner by hand or place on top rack in dishwasher. For dishwasher use, secure liner on top rack with a plate or glass. (Caution: Washing on the lower dishwasher rack will reduce product life.) Use this package to store liners or keep them right in your bakeware so they'll be ready for use next time.
